## DON'T BECOME YOUR OWN CRIME SCENE

Law Enforcement vehicle break-ins are on the rise

• "A thief stole a Dallas SWAT officer's weapons and other items..."  
-Kevin B, myfoxdfw.com

• "We're not immune from crime like anybody else,"  
Phoenix police Detective Tony M"  
-Lindsey C. The Arizona Republic

• "Officials said a total of three SWAT vehicles have been burglarized in the past six months" [in Dallas].  
-Kevin B, myfoxdfw.com

Cargo organization poses a safety problem

• "Investigations of the tragic deaths of at least 14 law enforcement officers...identified unsafe trunk-packing as the cause or a contributing factor in two-thirds of these deaths."  
-Richard A, The Police Chief

## TUFFY'S SOLUTIONS

Provide superior protection against theft.

Enable safe cargo management.

Increase gear accessibility.

Flexible keyless lock entry for multiple users.

Contract Holder

MADE IN THE USA

## HIGHER SECURITY LOCKING SYSTEM

Tuffey offers higher security with the new 10 tumbler, double bitted key and the patented Anti-twist push-button lock.

The Pry Guard II patented latch mechanism allows the box to latch shut without being locked and offers tremendous strength compared to other latches with its 1/4" thick metal components and welded steel striker.

The keyless entry combination lock option offers ultimate flexibility when incorporated with the Pry-Guard II locking system

Cam-Lock security is provided by a dead bolt hooking effect which eliminates the force applied to the actual cam-lock components.

# TACTICAL GEAR SECURITY DRAWERS

Tuffy tactical gear drawers are so durable they outlast our vehicles. -Sgt. Nate Harris, La Plata County Sheriff

These Tactical Gear Security drawers are the culmination of almost three decades of precision engineering. Effortlessly access your heavy gear by opening the drawer smoothly on Tuffy's exclusive stainless steel slide system. The drawer slides have exclusive roller-stop features engineered into the slides to protect the user from unexpected shifts during normal operation.

Our patented locking system provides security when you're away from your vehicle and simple quick access to your gear when you need it most. During on-duty use, you'll appreciate the timesavings of Tuffy's patented Pry-Guard II locking system. Our locking system secures the drawer shut while operating the vehicle without the need to lock and unlock the drawer every time access is needed.

Tuffy's superior design and engineering results in a secure drawer system that is typically lighter weight than others on the market. Tuffy's new vented enclosures are perfect for keeping today's sensitive electronics cool under pressure. As an added convenience, we can easily key all of your fleets units alike or upgrade them to a combination pushbutton lock, alleviating potential lost key issues all together.

Call 800.348.8339 for a free consultation and quote for your fleet.

Tuffy Security Product's Tactical Gear Security Drawers are the state of the art in secure gear storage and organization. These highly functional, highly secure, and fully customizable drawer units are precision crafted in the USA. Configurations are available for most foreign and domestic SUVs, trucks and sedans.

## TUFFY'S SELECTION OF STANDARD DRAWER SIZES

### Chevy Tahoe / Ford Expedition / Hummer H1

Optional push button combination lock added to the Pry-Guard II system

### Mounting Kits

Don't settle for wood two by fours! The engineers at Tuffy design mounting brackets for every security drawer we manufacture. Designed to integrate with the existing vehicle's mounting points providing years of worry free stability. When upgrading your fleet to a comparable model, there's no need to get a new drawer, just upgrade your mounting kit! Made from 1/8" inch steel with grade 8 mounting hardware, our mounting kits are in stock for all standard models.

**Left to Right Dividers**

- Part #168, Single Drawer
- Part #172, Side by Side Drawers
- Part #259, Stacked Drawers

Divider mounting locations are adjustable on 1" centers and include large panels spanning left to right creating storage compartments front to back. Also includes smaller front partitions.

Standard configuration is shown in the image but alternate quantities of dividers are available.

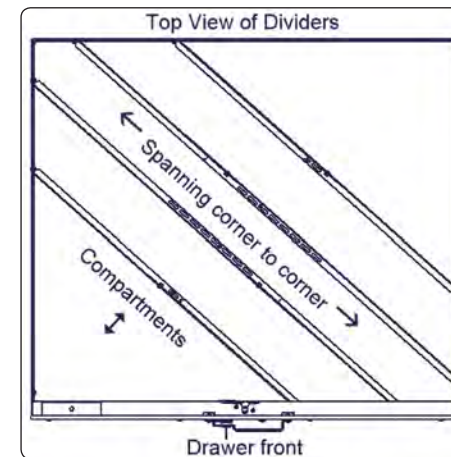

Carpet finish sold separately.

**Mounting (if not pre-installed):**

Bolts into the drawer with the hardware supplied.

**Fits:**

**Carpet Finish Kit Available Colors:**

**Tuffy Multi-Point Tie Down Rails**

Part #158 Set of 2

These 11 gauge, 1/8" thick steel tie down rails are designed to mount on top of most Tuffy drawers and any solid mounting surface.

They are a great way to organize and secure loose items. The unique design works with security straps, cables, hook type tie down straps, bungee cords, nets, and various other securing straps.

**Tuffy Modular Gear Anchors**

Part #159 Set of 4

These 11 gauge, 1/8" thick steel gear anchors are designed to mount on top of most of Tuffy drawers and any solid mounting surface.

They are a great way to organize and secure loose items. The unique design works with security straps, cables, hook type tie down straps, bungee cords, nets, etc.

**Tuffy Anchor Rail**

Part #882

The Anchor rail is constructed from high strength aluminum and is available in a variety of lengths. The sleek design maintains a small non-obtrusive profile.

The anchor rail is strong enough to secure a variety of items. The anchor rings are easily positioned and extremely strong with an assembly break strength of 4000 lbs. and work load limit of 1,333 lbs.

**Super Security Storage Trunk**

Part #025

This high security 16 gauge steel storage trunk mounts behind a rear seat, a third row seat or any tight space requiring additional security for firearms, gear and valuables. Its universal shape makes it ideal for many mounting applications in a variety of spaces.

Tuffy's patented Anti-Twist push button lock system with a 10 tumbler double bitted security key containing built in weather seals coupled with Tuffy's patented Pry-Guard II locking system with two 1/4" steel latches, your weapons, gear and valuables will remain secure.

The Super Security Storage Trunk has 3,320 cubic inches of storage space and at 33 1/8" wide will accommodate a fully extended Colt M-4 Carbine.

It also comes with a large removable storage tray for smaller items, a durable powder coat finish and grade 8 mounting hardware.

# 2007+ CHEVY SILVERADO / GMC SIERRA CREW CAB UNDER REAR SEAT LOCKBOX

This high security 16 gauge steel security lockbox mounts under the rear seat in a Chevy Silverado Crew Cab. The full width formfitting design of the Tuffy lockbox has over 3500 cubic inches of lockable storage.

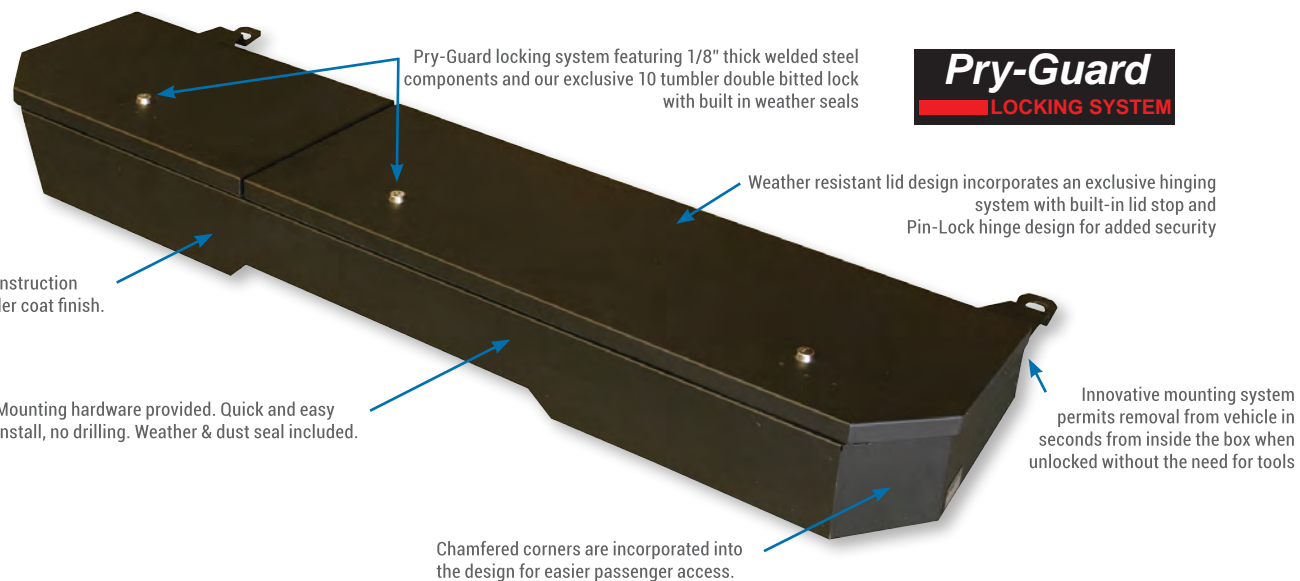

It's secured contents are easily accessed by flipping either or both of the rear seat(s) up and opening the corresponding lid(s). The unique design allows the full width to be used to stow firearms or other long items.

Featuring Tuffy's Pry-Guard Locking System with a 10 tumbler double bitted security lock with built in weather seals. Chamfered corners are incorporated into the design for easier passenger access.

The innovative mounting system is only accessed from inside the box. When additional floor space is needed the entire lockbox can be removed in seconds without the need for any tools.

Mounts inconspicuously under the seat out of apparent site of would be thieves. Is quickly and easily installed using the factory hardware without drilling.

This stealthy design has over 3500 cubic inches of lockable storage space that is hidden under the seat from prying eyes.

Pry-Guard locking system featuring 1/8" thick welded steel components and our exclusive 10 tumbler double bitted lock with built in weather seals

**Pry-Guard**  
LOCKING SYSTEM

Weather resistant lid design incorporates an exclusive hinging system with built-in lid stop and Pin-Lock hinge design for added security

# 2009+ RAM 1500, 2500 & 3500 CREWCAB AND QUADCAB STORAGE SECURITY LIDS

## 2009-2015 RAM In-Floor Storage Security Lid

Works in the crew cab and quad cab. **Does not work in the mega cab.**

This heavy duty locking In-floor Storage Security Lid replaces the existing plastic cover from the factory. Constructed from 16 gauge and 1/8" thick welded steel. It creates secure storage in the hidden floor compartment which is ideal for securing valuable tools and gear. The unique design features our Pry-Guard locking system with 1/8" thick steel components and a welded continuous steel hinge. The lid also provides a sturdier and more durable deck surface for items placed on top. Easy to install using standard hand tools in just a few minutes.

### Specifications:

**Part #:** 311  
**Color:** Black - 01  
**Exterior Dimensions Overall:** Approximately the same size as OEM cover  
**Interior Dimensions:** Secures over 500 in<sup>3</sup> of volume in storage area.  
**Shipping Weight:** 7 lbs.

### FITS:

2009 - 2015 RAM 1500, 2500 & 3500 Crewcab and Quadcab.  
**Does not fit the RAM Megacab.**

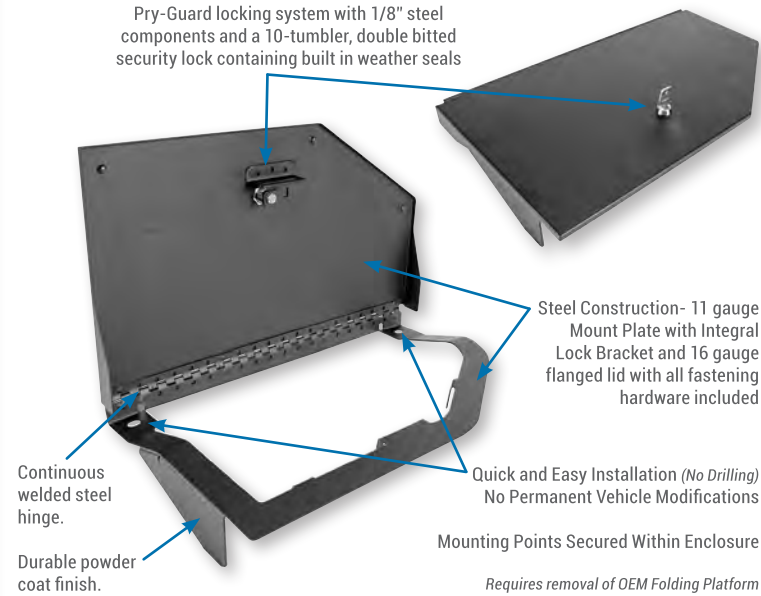

### Mounting

No drilling required, mounts to original factory holes.

## 2009-2015 RAM Underseat Storage Security Lid

Works in the crew cab and quad cab. **Does not work in the mega cab.**

This heavy duty locking Under Seat Storage Security Lid replaces the existing plastic OEM folding platform from the factory. Constructed from 16 gauge and 1/8" thick welded steel. It creates secure storage in the hidden seat compartment which is ideal for securing valuable tools and gear. The unique design features our Pry-Guard locking system with 1/8" thick steel components and a welded continuous steel hinge. The lid also provides a sturdier and more durable deck surface for items placed on top. Easy to install using standard hand tools in just a few minutes.

### Specifications:

**Part #:** 312  
**Color:** Black - 01  
**Exterior Dimensions Overall:** 21" x 13 7/8" x 3 1/4"  
**Interior Dimensions:** Secures over 600 in<sup>3</sup> of volume in storage area.  
**Shipping Weight:** 11 lbs.

### FITS:

2009 - 2015 RAM 1500, 2500 & 3500 Crewcab and Quadcab.  
**Does not fit the RAM Megacab.**

### Mounting

No drilling required, mounts to original factory holes.

# 2007-2014 TOYOTA TUNDRA DOUBLECAB UNDER REAR SEAT LOCKBOX

This high security 16 gauge steel security lockbox mounts under the rear seat in a Toyota Tundra DoubleCab. The full width formfitting design of the Tuffy lockbox has over 3200 cubic inches of lockable storage.

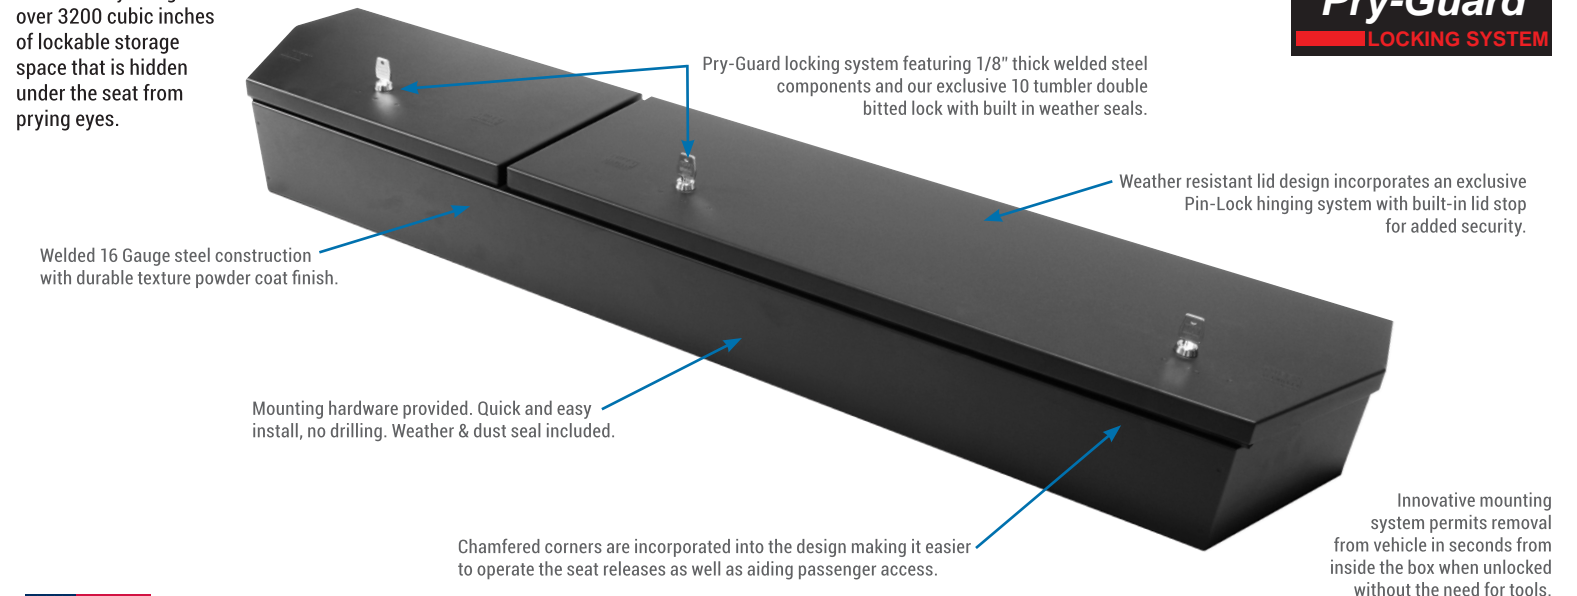

Its secured contents are easily accessed by flipping either or both of the rear seat(s) up and opening the corresponding lid(s). The unique design allows the full width to be used to stow firearms or other long items.

Featuring Tuffy's Pry-Guard Locking System with a 10 tumbler double bitted security lock with built in weather seals. Chamfered corners are incorporated into the design making it easier to operate the seat releases as well as aiding passenger ingress and egress.

The innovative mounting system is only accessed from inside the box. When additional floor space is needed the entire lockbox can be removed in seconds without the need for any tools.

Mounts inconspicuously under the seat out of apparent site of would be thieves. Is quickly and easily installed using the factory hardware without drilling.

This stealthy design has over 3200 cubic inches of lockable storage space that is hidden under the seat from prying eyes.

**Pry-Guard**  
 LOCKING SYSTEM

### Fits:

Toyota Tundra DoubleCab 2007-2014

**Tuffy Security Product's Heavy Duty Gear Drawers are perfect for anyone wanting organization and heavy duty security.**

These drawers are specifically designed for outdoor use and are completely encased, producing an extremely weather resistant design.

The large drawers open smoothly on Tuffy's exclusive slide system incorporating (8) heavy duty precision stainless steel roller bearings per drawer.

They can be securely locked with Tuffy's patented locking system to provide protection for outdoor equipment and other valuables. In addition, Tuffy's Heavy Duty Gear Drawers are rated to 2000 lbs. on top.

All of Tuffy's drawers and other locking vehicle accessories can be keyed alike with a highly secure 10 Tumbler double bitted key.

**Each drawer features Tuffy's patented Pry-Guard II locking system**

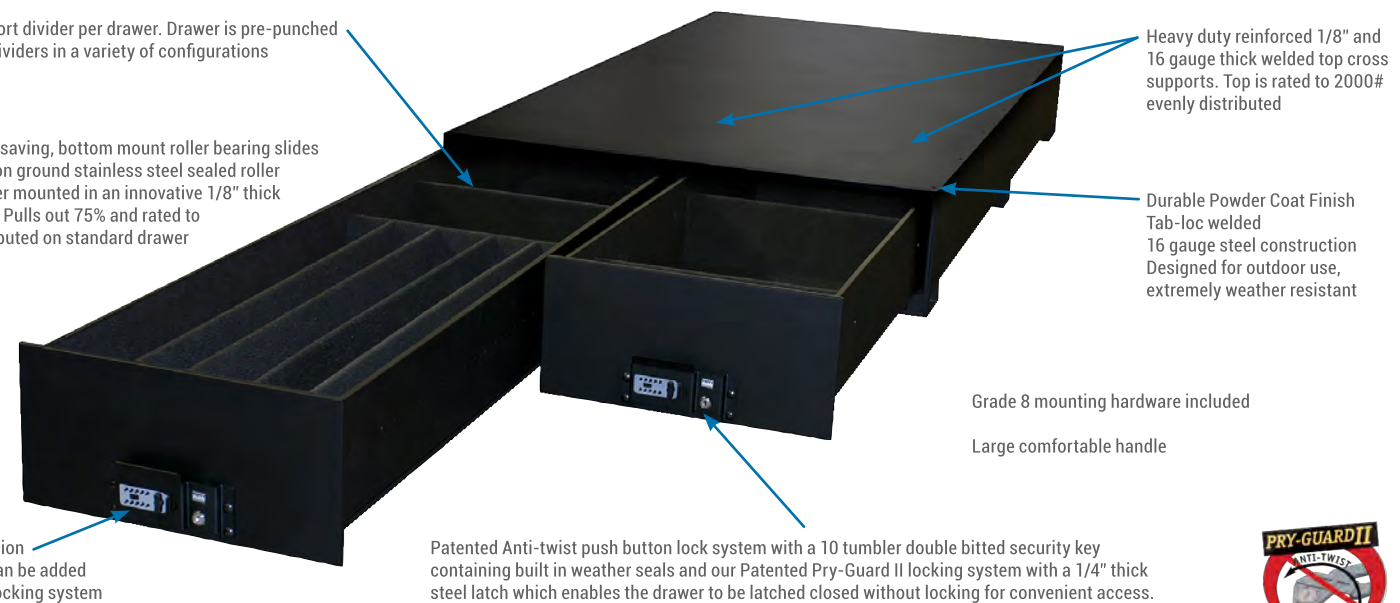

which incorporates a 1/4" thick steel security latch. Unlike cabinet type drawers on the market that use retrofitted cabinet or house locks, the Tuffy drawer incorporates a patented push-button latching mechanism similar to typical OEM automotive door latches.

This type of latching system secures the drawer shut while operating the vehicle without the need to lock and unlock the drawer every time access is needed. When higher security is required, the drawer can be locked as well.

Includes one support divider per drawer. Drawer is pre-punched on 2" centers for dividers in a variety of configurations (Sold separately)

Heavy duty, space saving, bottom mount roller bearing slides feature (8) Precision ground stainless steel sealed roller bearings per drawer mounted in an innovative 1/8" thick steel slide system. Pulls out 75% and rated to 400# evenly distributed on standard drawer

Heavy duty reinforced 1/8" and 16 gauge thick welded top cross supports. Top is rated to 2000# evenly distributed

Durable Powder Coat Finish Tab-loc welded 16 gauge steel construction Designed for outdoor use, extremely weather resistant

Grade 8 mounting hardware included  
Large comfortable handle

Optional Combination pushbutton lock can be added to the Pry-Guard locking system

Patented Anti-twist push button lock system with a 10 tumbler double bitted security key containing built in weather seals and our Patented Pry-Guard II locking system with a 1/4" thick steel latch which enables the drawer to be latched closed without locking for convenient access.

**Fits:**

Anywhere with sufficient space.

**Mounting:**

Mounts directly to flat surface with the hardware provided, drilling required.

**Specifications:**

**Part #: 257**

**Designed Short Bed Trucks:**

66" L Overall with Handle x 10"H x 47 3/4"W  
66" L Overall with Handle x 14"H x 47 3/4"W

**Designed Standard Bed Trucks:**

76" L Overall with Handle x 10"H x 47 3/4"W  
76" L Overall with Handle x 14"H x 47 3/4"W

**Designed Long Bed Trucks:**

96" L Overall with Handle x 10"H x 47 3/4"W  
96" L Overall with Handle x 14"H x 47 3/4"W

**Keyless Option Part #: 280**

This bolt on lock option offers easy access to drawers with a combination while maintaining key entry. This is a great option when access is required for multiple users. Ten push buttons can easily be set by the customer to any code. (Drawers must be pre-manufactured to accept part # 280.)

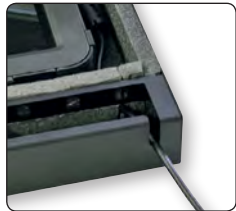

**Tablet Safe**

Weighing less than 7 lbs., this lockable welded steel storage box is designed to secure a tablet or firearm and protect valuables while carrying by hand between locations, during travel, inside a vehicle, home or office.

Convenient pre-drilled holes allow for easy mounting to solid surfaces including airline cockpits, fleet & service vehicles, home or office environments. Access ports are built in to accommodate power and data transfer cables.

Exclusive hinge stop design prevents lid from dropping open when mounted to a solid surface and can be quickly removed to open the lid fully when on the go. Keyless entry is provided by Tuffy's 3 digit combination lock with a two-point steel cam for added security.

The included 2 ft. long, 2000 pound test, steel security cable secures the safe to any sturdy mounting surface by attaching to the 1/8" steel security cable anchor point. The inside is lined with low-density foam to protect the contents, while compression bumpers keep the lid vibration-free when closed.

**Lightweight:** Weighs Less Than X Lbs. *(empty without cable)*

**Fits:**

Any vehicle with sufficient space or structural mounting surface inside a home, shop or office. *(Designed to accommodate most 10" tablets; Ipad Air, Galaxy Tab S 10.5, Google Nexus 9, and larger devices like the Microsoft Surface, and 11" Macbook Air.)*

**Mounting:**

Secures to any structural mounting area with a circumference less than 2 ft. or to any flat surface using pre-drilled holes for vehicle, airplane cabin or wall mount *(using customer provided hardware)*.

**Laptop Computer Security Lock box**

The Tuffy Laptop lock box is specifically designed to provide a secure and protected place to lock up portable computers. The 1" and 2" thick foam lining protects the contents from jarring and shifting during transport. Tuffy's exclusive Pry-Guard locking system provides the high security required to protect expensive computer equipment.

The unique design incorporates an exclusive hinging system and welded steel construction. Grade 8 mounting hardware is included with mounting holes provided for bottom or back flush surface mounting so the lock box can be mounted behind the rear seat in a pickup truck or virtually any other place it can fit.

For maximum flexibility and ease of installation the lock box can be secured to the vehicle by utilizing the unique padlock mounting point to secure it to the vehicle using a standard cable. *(Padlock & cable not included)* The lid is still locked with the cam lock on top not the padlock.

In 2008, the number of reported laptop thefts rose 48% over 2007. *Source - FBI (National Crime Information Center)*

Aside from the obvious costs of replacing expensive laptop computers, one must also consider the potential exposure of sensitive information and the liability that stolen information creates. Tuffy Security Products has been manufacturing high quality security products in the USA for over 20 years.

**Specifications:**

**Part #:** 182  
**Color:** Black - 01  
**Exterior Dimensions Overall:** 18 5/16" W x 5 1/4" D x 14 1/4" H  
*(Custom sizes are also available. Call for quotes).*  
**Interior Storage Dimensions:** 15 3/4" W x 2 13/16" D x 11 1/2" H. *(Custom sizes are also available. Call for quotes).*  
**Shipping Weight:** 20 lbs.

**Fits:**

Product can be mounted in any vehicle with sufficient space. Fits most standard size laptops. *(Check laptop size before ordering.)*

**Mounting:**

No Drilling required if padlock and cable are used. Standard mounting requires drilling holes and securing with the fasteners provided.

**Conceal & Carry Tote**

Perfect for securing and transporting a handgun between the home, office and in a vehicle. The lockable welded steel storage box can be used to protect valuables both while carrying it by hand between locations and also inside a vehicle.

The included mounting sleeve is securely bolted to the vehicle or any sturdy mounting surface. The security box slides into the mounting sleeve and can be locked in place. The security box can additionally be removed from the sleeve and can remain locked closed during hand transport.

Conceal Carry Valuables Tote extra mounting sleeve can be installed in an alternate location so the lockbox can be secured in multiple locations. *(sold separately)*

The system mounts anywhere there is available space and extra sleeves are available to allow the box to be secured in a sleeve mounted in the vehicle and also in the home or office. The inside is lined with carpet to protect the contents.

Optional pick-n-pluck foam is available for additional custom sized protection around the valuables. Features Tuffy's Pry-Guard locking system with a 10 tumbler double bitted key and grade 8 mounting hardware. Optional pushbutton combo lock is available for quick keyless access to contents *(shown but sold separately)*.

**Specifications:**

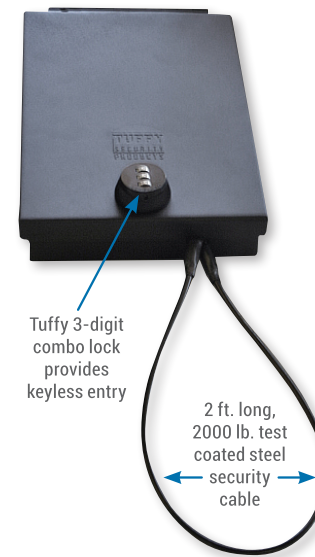

**Part #:** 289  
**Color:** Black - 01  
**Exterior Dimensions Overall:** 9" L x 10"W x 3"H  
**Interior Storage Dimensions:** 63/16" L x 91/2" W x 2" H.  
**Shipping Weight:** 10 lbs.

**Fits:**

Any vehicle with sufficient space or structural mounting surface inside a home, shop or office.

**Mounting:**

Mounts in any vehicle or sturdy surface with sufficient mounting space, drilling required.

Tuffy 3-digit combo lock provides keyless entry

2 ft. long, 2000 lb. test coated steel security cable

**Portable Safe**

Weighing less than 3 or 4 lbs. respectively, these lockable welded steel storage boxes can be used to secure a firearm and protect valuables while carrying by hand between locations, during travel, inside a vehicle, home or office.

Keyless entry is provided by Tuffy's 3 digit combination lock with a two-point steel cam for added security.

The included 2 ft. long, 2000 pound test, steel security cable secures the safe to any sturdy mounting surface by attaching to the 1/8" steel security cable anchor point.

The inside is lined with low-density foam to protect the contents, while compression bumpers keep the lid vibration-free when closed.

### Portable, convenient & secure weapon and gear storage.

Tuffy's Tactical Security Lock boxes fit in any vehicle or location with sufficient space. The universal design originally created for federal law enforcement tactical personnel is now available for everyone looking for solid portable security for firearms and other valuables.

Tuffy Security Product's Tactical Security Lock-Box is state of the art in secure gear storage and organization. They are designed to be secured to the vehicle by a cable which is also secured to the Tuffy lock-box with an innovative cable-lock system (Patent rights reserved).

The unique cable locking system does not require a separate padlock and can be released in seconds to transfer the lock-box between vehicles. There are secure cable anchor points located on both sides of the lock-box so they will fit on either side of a trunk.

These highly functional and highly secure units are precision crafted from welded 16-gauge steel in the USA. The large lid opens to access a large storage space designed to accommodate an 870 shotgun, M-4 rifle and officer body armor completely outfitted.

They can be securely locked with Tuffy's exclusive locking system to provide protection for tactical equipment and other valuables. Each drawer features Tuffy's patented Pry-Guard II locking system which incorporates a 1/4" thick steel security latch. Unlike other cabinet type lock-boxes on the market that use retrofitted cabinet or house locks, the Tuffy drawer incorporates a patented push button latching mechanism similar to typical OEM automotive door latches.

A gas strut supports the lid open for easy access to the contents. The inside bottom and sides are lined with carpet to cushion items place inside. Tuffy's lock-boxes can be keyed alike with a highly secure 10 Tumbler double bitted key.

### Fits:

Any vehicle with sufficient space. Also, check to make sure the lid will clear when opened.

### Mounting:

Mounts with cable and/or padlock. (Cable and padlock not included.)

### Optional Accessories:

886 - High Security Chain & Sleeve, 5'6"  
879 - Looped End Security Cable

### Custom Lock Box Lid Configurations

The Pick 'N' Pluck Foam has small perforated squares that can be removed in the shape of items such as guns, cameras, etc. Base foam lines the bottom of a Tuffy box so your fragile items can be protected on all sides.

**Manufactured and Designed in the USA**

Tuffy products are manufactured by American employees at Tuffy's state-of-the-art plant located in Cortez Colorado. This gives Tuffy the ability to closely monitor the production process ensuring the customer always gets the best product on the market. This strict adherence to the highest quality standards enables Tuffy to back their products with an outstanding warranty which is unsurpassed in the industry.

Tuffy's product designs are engineered and extensively field tested at Tuffy's facility by skilled developers with years of experience. Unlike other "knock off" manufacturers who skip the design

step by stealing ideas from other companies then cheapening the product and having it manufactured overseas to maximize their profit.

Cortez is nestled on the edge of the San Juan Mountains and the slick rock desert. Along with its local gems Cortez has arguably the best trails in the world located within a 2 hour radius (Moab, Telluride, Farmington, etc.). This location allows Tuffy employees to field test prototypes, constantly improve existing products through real world use, and develop new useful and unique products through a combination of personal use and collaboration with customers out on the trails.

**Manufacturing Capabilities**

Tuffy's high-quality products along with 26 years of design and engineering expertise have forged lasting relationships with a vast amount of customers who rely on Tuffy for their manufacturing needs.

**Processes that Tuffy specializes in include:**

- Laser cutting & Automated Punching
- Precision sheet forming
- Hardware insertion
- TIG/MIG welding and finishing of carbon steel, aluminum, and stainless steel
- Powder coating with a 5 stage pretreatment process
- Full assembly line
- Complete packaging and palletizing capabilities
- Standard and special shipping options anywhere in the world

**Custom Manufacturing**

Tuffy's Law Enforcement Catalog contains only a fraction of the products Tuffy has developed and manufactured. Tuffy is constantly providing custom products to a wide variety of companies and agencies.

**Quoting Process:**

Tuffy specializes in economical runs of 25+ units. Minimum quantity is 25 (There is no minimum for Tuffy standard custom sized drawers & trunks)  
To provide you with an accurate quote, Tuffy will need detailed drawings or a sample of the desired product along with material and quantity requirements. CAD assistance is available based on an hourly rate.  
Contact the Tuffy sales department for fleet, commercial, government or industrial custom manufacturing applications.
